## GLASS READY

We provide a Glass-ready option for Doors only, with a max height of 1000mm and a max width of 600mm.

The Doors are a standard straight edge Shaker profile (60mm edge), cut out, with a recessed edge at the back to place the glass (10mm wide and 6mm deep).

The customer is responsible for providing and fixing the glass. (Professional glass installation is recommended.)

Available in DIY (unpainted MDF) or painted (any Dulux colour).

Please follow the instructions for cleaning & storage of DIY/ painted accordingly.
